In 1994, Autodesk acquired Simplify3D. In 1995, Autodesk sold Simplify3D to Weidlich, which had been founded by Dr. Fred J. Weidlich, a former employee of Autodesk, in 1988 to support a line of Autocad products for the architectural profession. Autodesk acquired Weidlich in 1996 and in 1997 Autodesk introduced a new combined entity, Autodesk Application Design, to replace the Autodesk and Weidlich brands. Autodesk Application Design included AutoCAD, AutoCAD LT, Autodesk Design Review and Autodesk

Inventor. Products Engine AutoCAD offers two different drawing engines: the 3D editing engine, AutoCAD LT, and the 2D drawing engine, AutoCAD. The 2D drawing engine, AutoCAD, has been generally the most popular AutoCAD product among users. 3D editing engine AutoCAD LT AutoCAD LT, formerly called AutoCAD Revit LT, is a cross-platform 3D modeling, rendering, animation, visualization and collaboration software package. It runs on Windows, Linux and macOS. The modeling and rendering engine was originally developed as part of Autodesk REVIT, Autodesk's digital building information modeling software, and Autodesk Revit Autodesk added a 3D printing and animated rendering engine as part of ca3bfb1094

Stephens It's been so long since the Detroit Lions had a legitimate wide receiver that you'd think they would have had to scrounge for help in the NFL draft. After being without a legit No. 1 receiver since 2007, Detroit will have to hope that their rookies can step in and provide help for Calvin Johnson. While this may be a daunting task, they can take some solace in the fact that their wide receivers have impressed during training camp. The Lions have four rookies that have impressed in camp, and they all have the potential to be instant contributors for the team. Here's a rundown of what each of the four rookies has been doing at camp: Darrius Heyward-Bey If the Lions are to have any hope at taking a legitimate wide receiver, then they have to hope that their rookie receiver Darrius Heyward-Bey can become the next Calvin Johnson. As you'll see in the video below, the Lions have been showcasing Heyward-Bey's ability to make plays down the field. That type of speed is a major asset for a No. 2 receiver, and Heyward-Bey appears to have the potential to be the second coming of Calvin Johnson. Ryan
